

INVESTOR ANALYSIS KING COUNTY

Interim Presentation
June 10th, 2015

AGENDA

1 | BACKGROUND

**2 | APPROACH AND
INTERIM FINDINGS**

3 | NEXT STEPS

AGENDA

1 | BACKGROUND

WHY ARE WE COLLABORATING?

2 | APPROACH AND INTERIM FINDINGS

3 | NEXT STEPS

JUST A QUICK RECAP OF THE CORE CHALLENGE YOU HAVE TASKED US WITH

SUBHEADING

Situation

- **Collaboration** between consortium of investors and our Data Science team
- Initial data provided by consortium for the **timeframe 2014-2015**
- Additional publicly available data added during data collection
- **Project timeline:** June-August 2015

Key Questions

- Which new listed houses can be identified as **significant investment opportunities**, based of them being sold at **below the predicted price**?
- Of these, **identify the top opportunities** for a) high-end investments and b) sub-par investments (growth opportunities)

AGENDA

1 | BACKGROUND

2 | APPROACH AND INTERIM FINDINGS

WHAT HAS BEEN ACHIEVED SO FAR?

3 | NEXT STEPS

THE ANALYSIS IS BASED ON A BROAD DATASET OF LISTINGS IN THE SEATTLE AREA

1 | DATA COLLECTION

SEVERAL VARIABLES HAVE BEEN CRUCIAL IN FORECASTING SALES PRICE

2 | MODEL OPTIMIZATION

THE MODEL ENABLES THE SELECTION OF SPECIFIC LISTINGS BASED ON FILTERING

3 | OPPORTUNITY IDENTIFICATION

Core logic

- Analysis allowed for a **comparison of actual listing price and predicted value**
- Map shows the **deviation from predicted value**
- Our focus of interest are those **listings that are furthest below the predicted value**, relative to the actual price

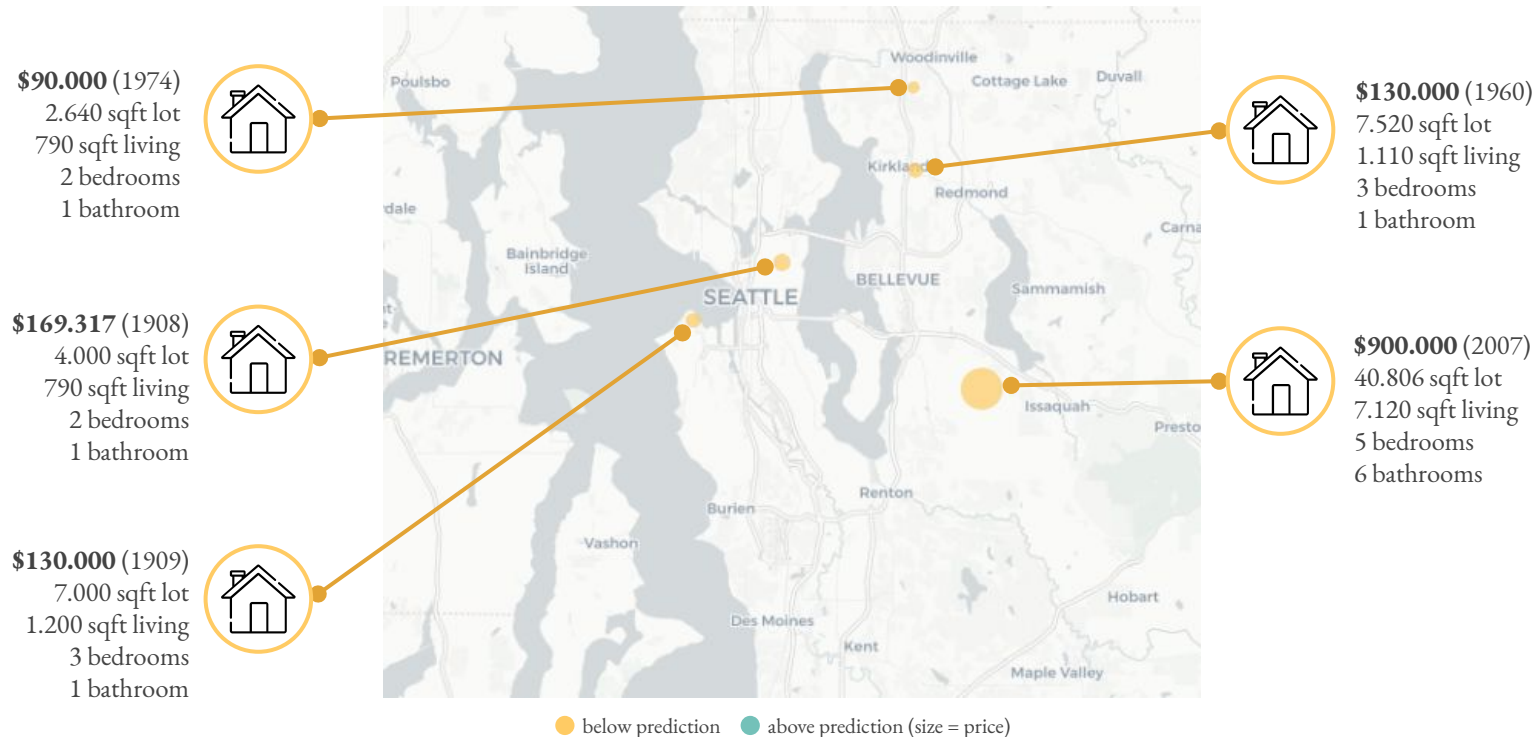

Additional observations

- Relatively lowest prices appear to be in the winter months (November - March)
- Prices have been growing year-on-year

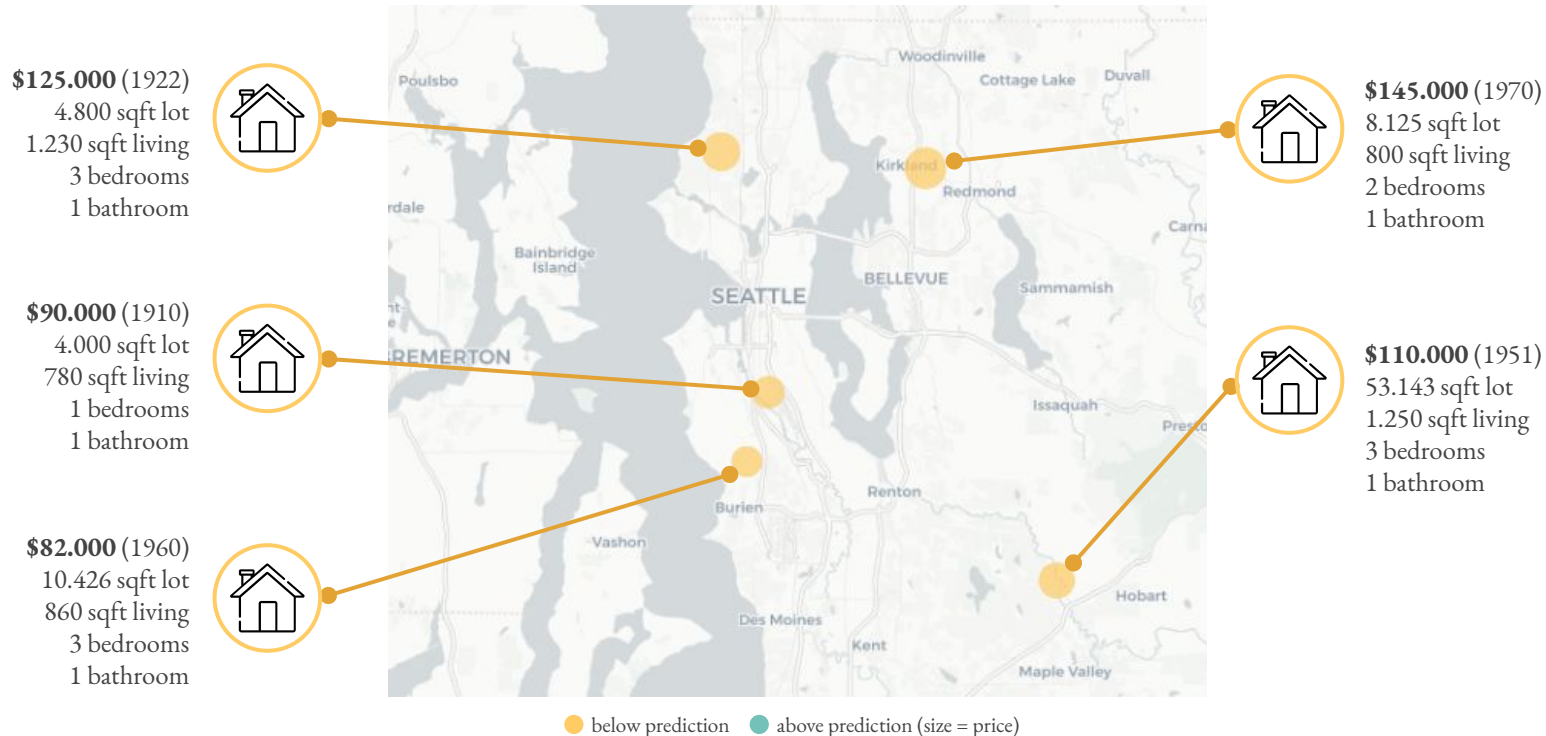

FIVE REAL ESTATE OPPORTUNITIES WERE IDENTIFIED IN MID- TO HIGH-END RANGE

3 | OPPORTUNITY IDENTIFICATION

THE LOWER-GRADE FIVE PRESENT BIG POTENTIAL FOR VALUE GROWTH

3 | OPPORTUNITY IDENTIFICATION

AGENDA

1 | BACKGROUND

2 | APPROACH AND
INTERIM FINDINGS

3 | NEXT STEPS

WHERE DO WE GO FROM HERE?

THE MODEL IS REFINED FOR THE FINAL PRESENTATION BASED ON YOUR INPUT

NEXT STEPS

1 | Real Estate Review and Feedback

Evaluation of **identified real estate** on part of the investor consortium

Structured feedback and reviewed requirements on part of the investor consortium by end of July

2 | Model Refinement and Opportunity Identification

Refinement of the **current model** based on your feedback on part of our team

Identification of ten more opportunities on part of our team for the final presentation

3 | Future Collaboration

Discuss **opportunity of developing a prediction dashboard** which would allow you to:

- Independently enter criteria via a designed user interface
- Estimate the upward potential of the real estate

Checkpoint (TBD, July 2015)

Final presentation (August 22nd, 2015)

THANK YOU!
